

“Sky Connect Executive Satellite Phone

BENEFITS

The *Sky Connect® Executive Satellite Phone System* brings complete telephony to both business and regional aircraft. Worldwide coverage for low charges and no dead zones, handoff issues or dropped calls.

DESCRIPTION

Includes installation of the new Sky Connect® Executive cordless satellite telephone system from Icarus Instruments. The system utilizes an Iridium transceiver permanently installed in the aircraft along with a base station for the cordless handsets. Two cordless handsets are supplied; one installed in cockpit and one in the aft cabin.
